

Spring Event

Event Agenda

Tuesday, May 13, 2025 at 6:00pm CT - 9:00pm CT

i All times listed in Central Time (US & Canada).

Tuesday, May 13, 2025

6:00pm - 6:30pm

Networking

6:30pm - 6:45pm

ASMNP announcements

6:45pm - 7:00pm

Pharmacy representative discussion

7:00pm - 8:00pm

GRAIL Galleri - multi-cancer early detection (MCED) screening tests

Aishwarya Arjunan, MS, MPH, CGC

1. Discuss benefits and limitations of current guideline-recommended screening modalities and the potential role of blood-based tests to improve early cancer detection
 2. Describe the use of cell-free DNA (cfDNA) for the early detection of multiple cancer types
 3. Evaluate the recent clinical data on available and emerging blood-based multi-cancer early detection (MCED) screening tests and their utility in early cancer detection
 4. Learn about implementing MCED screening into primary care practice, including patient eligibility evaluation, counseling, shared decision-making, and clinical care pathways following a positive result
-

8:00pm - 8:30pm

wrap up and questions

8:30pm - 9:00pm
